**EDUCATION**

Ph.D.	Economics, University of Maryland at College Park, expected May 2025
M.A.	Economics, University of Maryland at College Park, 2021
B.A.	Economics (with distinction), Wuhan University, China, 2019
B.S.	Mathematics (with distinction), Wuhan University, China, 2019

**FIELDS OF SPECIALIZATION**

Primary: Political Economy, Chinese Economy  
Secondary: Applied Microeconomics

**DISSERTATION**

*Essays on the Political Economy of China*

Committee: Prof. Allan Drazen (Co-Chair), Prof. Ethan Kaplan (Co-Chair), Prof. Peter Murrell

**JOB MARKET PAPER**

“From Settlement to Stability: The Political Impact of Relaxing Migration Barriers in China,” with Yu Qiu.

*Abstract:* There are growing concerns that relaxing migration policy may undermine social stability. We study this issue by estimating the causal effect on labor unrest of China's recent reform to its internal migration institutions, which facilitated permanent settlement for migrants in small and medium sized cities. Exploiting variation due to the reform's population cutoff rule, we find that the reform significantly reduced labor unrest. We suggest that one mechanism behind our finding is the enhancement of migrants' settlement intentions, which promotes obedient behavior to seize the opportunity of settlement brought by the reform. Evidence shows that the reform raised the likelihood of migrants continuing staying in their destinations. Through a novel causal mediation analysis, we find that heightened settlement intentions can explain 61 percent of the reform's total effect on labor unrest in the immediate term and 27 percent in the longer term. We find no evidence that the reform led to compositional changes among migrants, immediate deliveries of benefits to migrants, and tighter government social control. Our results highlight the influence of migration policy on stability by shaping migrants' attachment to their destinations.

## **TEACHING EXPERIENCE**

Instructor, Intermediate Microeconomics (undergraduate), Summer 2023

Teaching Assistant, Econometrics I (PhD core), University of Maryland, Fall 2022, 2023

Teaching Assistant, Econometrics II (PhD core), University of Maryland, Spring 2022, 2023, 2024

Teaching Assistant, Probability & Statistics (PhD preparatory), Summer 2022, 2023, 2024

## **RESEARCH AND RELEVANT WORK EXPERIENCE**

Research Assistant, Dr. Lixin Colin Xu, World Bank, Summer 2022

## **GRANTS AND AWARDS**

Chiang Ching-kuo Doctoral Fellowship (for China Studies), Chiang Ching-kuo Foundation, 2024 (declined due to conflict with another grant)

Ann G. Wylie Dissertation Fellowship, University of Maryland, 2024

Jacob K. Goldhaber Travel Grant, University of Maryland, 2024

Award in the Economics Poster Competition, University of Maryland, 2023

Best Third-Year Paper Prize, University of Maryland, 2022

Melville Ulmer Prize for the Best Second-Year Paper, University of Maryland, 2022

Scholarship for Academic Excellence, Wuhan University, 2015-2019

## **CONFERENCE AND SEMINAR PRESENTATIONS**

2024: Society of Labor Economists, Chinese Economists Society, Urban Economics Association, DC Political Economy Center (scheduled), Southern Economic Association (scheduled)

2022: University of Queensland

2021: Global Labor Organization & Renmin University Joint Conference

### PROFESSIONAL SERVICE

Referee for *Agribusiness: An International Journal*, *British Medical Journal: Leader*, *China: An International Journal*, *Journal of Economic Behavior and Organization*, *Journal of Population Economics*

### LANGUAGES

English (fluent), Mandarin Chinese (native)

### COMPUTATIONAL SKILLS

Stata, Matlab, R
